Reasons For Allowance

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or suggest the use of a body support pillow that includes a straight back support section with head and leg support section attached thereto in an opposing orientation to from an S-shaped contour. The prior art does show body support pillows that include the elements of a back support section with attached head and leg support sections, but the head and leg support sections are attached to the back support section so as to not form an S-shape. See the cited patents to Leach (US 6,499,164 and US 6,751,817)Schaffner et al (US 5,987,674), and Eary (SU 4,901,384) for examples. Since the prior art fails to show or suggest the claimed feature the claims are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
